EDUCATION

Bachelor's Degree in Information Technology Baku Engineering University

12/2023 - Present

Courses / Projects

- Academic foundation in algorithms, data structures, and object-oriented programming fundamentals.

Software Development IT Academy "Step IT"

10/2024 - Present

Courses / Projects

- Advanced study of .NET architecture, memory management in C++, and SQL database administration.
- Practical experience in deploying infrastructure using AWS.

SKILLS

ASP.NET - Intermediate

C# - Intermediate

MS SQL Server -Intermediate

Systems and network
programming - Intermediate

Cloud technologies (AWS /
Azure) - Intermediate

Docker - Intermediate

JavaScript - Beginner

React - Beginner

CERTIFICATES

AWS Academy Graduate - Cloud Foundations - Training Badge (04/2026 - Present)

[AWS Academy Graduate - Cloud Foundations - Train... - Credly](#)

Python Essentials 1 (01/2025 - Present)
